OUR STORY

K511 Logistics Limited was founded in 2016 with only 2 employees to begin with. It has long since grown to become one of the most competitive supplies and transport company in the region boasting over 50 employees with a fleet of vehicles of all capacities, sizes and strengths. We transport water too.

We ensure that the clients get what they order by doing quality check of all the goods that we supply at the same time ensuring that industry standards are adhered too. Our vehicles are well maintained and our drivers and our loading men well groomed and courteous. Quality and warm customer care is an key part of our business.

THE FOUNDER

Mr. Simon Njuguna Kinyanjui has vast experience in construction and supplies industry having worked in it for many years. He has been involved in many major construction projects around the Kenyan coast both supplying construction materials and equipment.

He is well rounded, out going and has a strong work ethic which has allowed him to see the success of **K511 Logistics** to where it is now as the most competitive Construction and transport company at the Coast of Kenya.

MISSION & VISION

Our Mission is to become the highest acclaimed supplies and transport company in the region providing bespoke solutions in the industry at the most competitive prices in the market while ensuring that the environment is safe guarded.

Our vision is to become the most trusted suppliers and transporters of construction materials in the region, with the best quality of materials and with the most honest business ethics possible which will allow our clients to work with us full of the peace of mind.

OUR SERVICES

Supply of construction materials

We pride ourselves in supplying of construction materials of the highest quality possible. We source the materials that we don't have from our trusted longtime suppliers and what we have in stock is kept in top notch condition, that guarantees the highest of standards required of construction materials. We supply the East Africa region but can deliver oversea too.

Transportation of construction materials

At **K511 logistics** we take no chances with the construction materials that our client orders and that's why we got the extra mile to ensure that we provide transportation services for the materials. This ensures that you receive the full quantity and quality of the order made. You can also hire our transportation services, we have well trained an qualified drivers and loaders.

Real Estate management

K511 logistics provides an array of services within this undertaking such as building and construction, land sale, rent and leases, property sale, rent and leasing management for both residential and commercial. Collection of rent and allocation of resources within properties is also our forte. Call us for real estate management services. We surely deliver and we have a track record to prove it.
